Elliptical Fitness Crosstrainer®

EFX® 585

Product highlights

The EFX 585 combines Precor's industry-leading elliptical motion with a space-saving design, now 4 inches shorter than other EFX models to maximise performance in smaller spaces. Perfect for lighter-use facilities like multi-family housing, corporate wellness centres and hotels, it delivers smooth natural movements without compromising quality. With its thoughtful design, accessible features and proven durability, the EFX 585 provides an exceptional workout for exercisers of all abilities while meeting the operational needs of facility owners.

Product features

P84 TOUCHSCREEN CONSOLE

The P84 console features a brilliant 16-inch touchscreen that combines performance, entertainment and workout variety. Exercisers can enjoy seamless wireless casting that provides access to thousands of third-party fitness and media apps. They can also stream content through fully integrated Netflix and YouTube apps – putting the content they want right at their fingertips.

ADJUSTABLE CROSSRAMP®

Our compact CrossRamp® technology allows exercisers to target lower-body muscle groups with adjustable incline angles ranging from 10 to 35 degrees. Exercisers can easily target glutes, quadriceps and calves to create a well-rounded workout tailored to their fitness goals. Large open pedals, a low step-over height and an accessible 10-degree starting angle make it simple for beginners to get started, while higher inclines and resistance challenge advanced exercisers.

HANDLEBARS

The moving handlebars deliver a full-body workout with every session. Fixed grips provide stability and confidence for exercisers focused on lower-body training, making the EFX adaptable for all fitness levels.
