GLUTEBUILDER® PLATE LOADED

Leg Extension Pro

GPL0633

Developed in partnership with Glutebuilder and exclusively available from Precor, the Glutebuilder plate loaded line is a full range of products dedicated to targeting the glutes, legs and hip muscles. The precision biomechanics create an exact motion path with smooth, constant resistance ensuring effective and efficient workouts. The multiple adjustment points allow exercisers to find the perfect fit and range of motion for each exercise.

The Leg Extension Pro is designed to maximize quadriceps training through a deep range of motion and a reclined position that increases muscle stretch. Optimized resistance maintains smooth, controlled loading from the stretched position through full knee extension, while integrated stability and pad alignment help maintain proper positioning throughout the movement.

GLUTEBUILDER® PLATE LOADED

Leg Extension Pro

GPL0633

Product Features

OPTIMIZED RESISTANCE

A refined resistance system delivers greater challenge in the stretched position before smoothly decreasing toward full knee extension. Reduced inertia creates a controlled feel across different loads and training speeds.

DEEP RANGE OF MOTION

An extended range of knee flexion allows exercisers to achieve a deeper quadriceps stretch and train through a morecomplete range of motion.

RECLINING QUADRICEPS POSITION

The reclining backrest increases hip extension to further lengthen the rectus femoris, enhancing the quadriceps stretch compared to an upright position.

STABLE, ALIGNED POSITIONING

An integrated seatbelt secures the hips throughout the movement, while the central adjustment maintains pad alignment for balanced positioning and muscle engagement.

BUILT FOR CONSISTENT PERFORMANCE

Reinforced, double-welded through-tube construction helps maintain pad alignment and durability over time, supporting reliable performance in demanding training environments.

Specifications

Dimensions (L x W x H): 73 x 49 x 45 in / 185 x 335 x 368 cm
Product Weight: 423 lb / 192 kg
Max User Weight: 350 lb / 159 kg
Starting Weight: 29 lb / 13 kg

Frame and Finish: Heavy-duty steel tubing is welded in all structural areas to withstand the most demanding training environments. Powder coated frame.
Warranty: Visit www.precor.com for warranty terms.

Color Options*

Frame

Black Pearl
Gloss Metallic Silver
Gloss White**
Flame Red**

Upholstery

Black

Additional Upholstery Options**

Lite Grey
Graphite
Slate
American Beauty
Candy Apple
All Spice
Bucksuede
Burgundy
Royal Blue
Blue Jay
Chocolate
Hunter Green

*Custom frame colors are available, subject to minimum order quantities and extended lead times.

**Additional lead time applies.

• Additional upholstery options may have longer lead times. Please contact a sales representative.
• Colors may vary.
