Designed for multi-family housing complexes, corporations, small municipal service organisations and many hospitality venues, the single-stage drive system provides the amazing feel that you and your exercisers have come to expect from Precor.

2. Handlebars

With moving handlebars, exercisers can push and pull with their upper body to achieve a total body workout.

4. Adjustable CrossRamp®

With our patented CrossRamp, exercisers can isolate or cross-train specific lower-body muscle groups by adjusting the angle of the ramp between 10 and 35 degrees, making it easy for exercisers to focus on their individual fitness goals.

5. Covered rear-drive housing

Experience easy maintenance with a covered rear-drive housing that enables quick access for cleaning and service.

6. Step-up height & pedal spacing
