

## CARDIO

# Elliptical Fitness Crosstrainer®

## EFX® 883

### Product Highlights

The EFX® 883 with Converging CrossRamp® combines essential reliability and ease-of-use with a natural, low-impact stride to add value to your facility. Design enhancements ensure easy cleaning and maintenance for you, while the unique adjustable Converging CrossRamp® technology and fixed handlebars provide a comfortable lower body workout for your exercisers.

### Product features

#### CONVERGING CROSSRAMP®

Our patented converging footpath design and incline adjustments between 10 and 35 degrees, along with 20 levels of resistance, provide exercisers with a challenging workout and a more natural-feeling stride. Exercisers can effortlessly target glutes, quadriceps and calves to create a well-rounded workout tailored to their fitness goals. Large open pedals, a low step-over height and an accessible 10-degree starting angle make it simple for beginners to get started, while higher inclines and resistance challenge advanced exercisers.

#### HANDLEBARS

Fixed handlebars allow exercisers to focus on lower body workouts at higher resistance levels or challenge muscle stabilisers during hands-free training.

#### P84 TOUCHSCREEN CONSOLE

The P84 console features a brilliant 16-inch touchscreen that combines performance, entertainment and workout variety. Exercisers can enjoy seamless wireless casting that provides access to thousands of third-party fitness and media apps. They can also stream content through fully integrated PlutoTV, Netflix and YouTube apps—putting the content they want right at their fingertips.

#### COVERED REAR DRIVE HOUSING

Easy to maintain with a covered ramp and rear drive housing that enable quick access for cleaning.

#### ACTIVE STATUS LIGHT

Alerts staff at a glance when the EFX requires maintenance or servicing.
