

CARDIO

Recumbent Bike

RBK 685

Product features

P84 TOUCHSCREEN CONSOLE

The P84 console features a brilliant 16-inch touchscreen that combines performance, entertainment and workout variety. Exercisers can enjoy seamless wireless casting that provides access to thousands of third-party fitness and media apps. They can also stream content through fully integrated PlutoTV, Netflix and YouTube apps – putting the content they want right at their fingertips.

STEP-THROUGH DESIGN

Designed for easy entry, the recumbent bike has a step-through design (36 cm wide) with a low step-over height (10 cm).

AIR FLEX SEAT BACK

The custom-designed air flex seat features a ventilated panel and unique suspension system for a cool, cushioned ride.

SEAT ADJUSTMENT

The simple seat adjustment allows the exerciser to change the position of the seat with one hand, either on or off the bike.

EASE OF MAINTENANCE

The easy-to-remove shrouds ensure quick access to the belt-drive system for maintenance and servicing without removing the pedals or crank arms.

PEDALS

The extra wide pedals comfortably accommodate feet of all sizes and feature integrated, adjustable straps to ensure proper pedalling form.

Accessories: Integrated reading rack, dual water bottle holder, cable management (optional)

Warranty: Visit www.precor.co.uk for warranty terms.

CARDIO

Recumbent Bike

RBK 635

Product features

P31 CONSOLE

A LED console that works harder for you, your exercisers and your servicers. Exercisers will appreciate the well-placed resistance controls, as well as accessible workout options. Supercharge your servicers' efficiency by providing detailed equipment status information, reducing downtime on your fitness floor.

STEP-THROUGH DESIGN

Open Stride™ is a unique feature that allows exercisers not only to dynamically adapt their stride length from 0 to 91 cm, but also to adjust their stride height from 17 to 25 cm, providing an infinite range of stride paths to engage several muscle groups. Open Stride™ can be adjusted from level 1 to 5 with the tactile motion controls.

AIR FLEX SEAT BACK

The tapered moving handlebars provide a comfortable fit for nearly every exerciser. The stationary grip has a heart rate* sensor built in, which provides monitoring and a stable, comfortable position when focusing on the lower body.

SEAT ADJUSTMENT

Exercisers can shift from short stride to long stride, walking to running, climbing to striding, enabling them to target different muscle groups. Pushing and pulling the moving handlebars will engage the upper body, resulting in a total body workout.

EASE OF MAINTENANCE

The easy-to-remove shrouds ensure quick access to the belt-drive system for maintenance and servicing without removing the pedals or crank arms.

PEDALS

The extra wide pedals comfortably accommodate feet of all sizes and feature integrated, adjustable straps to ensure proper pedalling form.

Specifications

Dimensions (L x W x H): 165 x 58 x 130 cm

Height with PVS: 160 cm

Product weight: 81 kg

Max. user weight: 159 kg

Experience Series®

RECUMBENT BIKE

Product features

1. P82 console

The P82 console offers a brilliant 15 in./38.1 cm screen that's ergonomically positioned to deliver crystal-clear entertainment viewing for exercisers in motion. When networked, it serves as a direct-to-exerciser communication portal, allowing you an opportunity to build your brand, share information about activities and services, and strengthen the sense of community within your facility.

2. Step-through design

Designed for easy entry, the recumbent bike has a step-through design (14 in./36 cm wide) with a low step-over height (4 in./10 cm).

3. Air-flex seat back

The custom-designed air-flex seat features a ventilated panel and unique suspension system for a cool, cushioned ride.

4. Seat adjustment

The simple seat adjustment allows the exerciser to change the position of the seat with one hand, either on or off the bike.

5. Ease of maintenance

The easy-to-remove shrouds ensure quick access to the belt-drive system for maintenance and servicing without removing the pedals or crank arms.

6. Pedals

The extra-wide pedals comfortably accommodate feet of all sizes and feature integrated, adjustable straps to ensure proper pedalling form.

Black Pearl

Refined colourways with dark Tungsten covers and two frame colour options, Black Pearl and Storm Grey.

Storm Grey

CARDIO

Upright Bike

UBK 685

Product Highlights

The AMT 835 with Open Stride™ is the only piece of variable-stride cardio equipment with adjustable step height, allowing exercisers to train in a variety of stride paths, including running, jogging and stepping. With one piece of equipment that creates an array of movement patterns, you can maximise valuable floor space and help exercisers to stay engaged in their workouts. The AMT combines essential reliability and ease of use with smooth, flowing and precise motion to add value to your facility.

Product features

P84 TOUCHSCREEN CONSOLE

The P84 console features a brilliant 16-inch touchscreen that combines performance, entertainment and workout variety. Exercisers can enjoy seamless wireless casting that provides access to thousands of third-party fitness and media apps. They can also stream content through fully integrated PlutoTV, Netflix and YouTube apps – putting the content they want right at their fingertips.

OVER-MOULDED HANDLEBARS

The over-moulded style adds comfort and durability while offering dual heart rate contacts and three ergonomic riding positions: upright, cruising and road.

SEAT ADJUSTMENT AND IMPROVED SADDLE DESIGN

The intuitive pop-pin seat adjustment allows users to easily change seat height.

PEDALS

The extra wide pedals comfortably accommodate feet of all sizes and feature integrated, adjustable straps to ensure proper pedalling form.
