

NETWORKED FITNESS

LED Console

P31

Product Highlights

A LED console that works harder for you, your servicers, and your exercisers. Supercharge your servicers' efficiency by providing detailed equipment status information, reducing downtime on your fitness floor. Exercisers will enjoy the well-placed hand holds indentations at grip-height sculpted into the back. The black color on the P31 looks great with the full range of Experience™ Series 500, 600, 700 and 800 Line cardio equipment, so you can mix and match consoles and bases with confidence.

Product Features

ASSET MANAGEMENT

Supercharge your servicers' efficiency by providing detailed equipment status information, reducing downtime on your fitness floor.

CHOICE OF ENTERTAINMENT

The integrated reading rack, placed at just the right height, securely holds phones and tablets. Exercisers can keep the tunes, video, or audio books flowing, while our mobile device charger keeps devices powered. An optional personal viewing system brings a 15.6-in wide screen television to the P31.

THOUGHTFUL AND INFORMED DESIGN

We carefully observe exercisers using Precor equipment, and we know gripping the console provides a helpful assist, especially during tough workouts. That's why we added indentations at grip-height and key pad and workout buttons within thumb's reach.
