

P62

TOUCHSCREEN CONSOLE

Product Highlights

The P62 touchscreen console, available on all models of the Experience™ Series 600, 700 and 800 Lines, strikes the perfect balance if you're seeking crisp, clear entertainment viewing for your cardio exercisers, but at a value price. When networked, via a wired or wireless connection, you'll be able to leverage the Precor platform, packed with unique workouts, entertainment and communication tools.

Product Features

Designed for Fitness Environments

Brightly lit, wide-screen viewing and large, responsive motion controls support exercisers in the moving environment.

Supports Media Technologies Around the World

Easily connect standard media systems, cable/satellite receivers, Pro:Idiom and IPTV. The P62 is designed with today's media technologies in mind.

A Platform Solution for Now and the Future

All networked P62 consoles receive automatic software updates, refreshed content and new features without any action or expense on your part.

Integrated Asset Management

Save time and effort with easy-to-access diagnostics and usage information through integrated asset management.

A Proven Performer

Thousands of hours of hardware and software testing have ensured the proven performance of over 30,000 P62 consoles in use today.
