

DISCOVERY™ STRENGTH PLATE LOADED

# Pulldown

DPL0305

The Discovery Strength Plate Loaded Pulldown features independent movement arms and diverging pulling angles to increase the range of motion of the exercise. A regressive strength curve reduces force at the bottom of the movement to provide resistance through the full range of motion for a solid workout, time after time.

Precision-engineered for durability and peak performance, Discovery Strength Plate Loaded products are made to impress and built to last. With optimized movement paths, intuitive design, and a high load capacity, these strength-training machines deliver results for exercisers of all abilities, giving you the confidence to invest in strength that performs.

### Product Features

#### INDEPENDENT MOVEMENT ARMS

Designed to demand greater balance and core muscle engagement, the independent movement arms, and diverging pulling angles increase the range of motion throughout the exercise. A regressive strength curve reduces force at the bottom of the movement to allow for resistance through the full range of motion.

#### GRIP OPTIONS

A traditional wide grip position and narrow grip position give exercisers the ability to choose the gripping style that best suits their workout.

#### RATCHETING SEAT ADJUSTMENT

The ratcheting, gas-assisted seat adjustment features an ergonomic, over-molded rubber adjustment handle, making it easy and comfortable for exercisers to get the right fit.

#### WEIGHT STORAGE HORNS

The four weight horns are optimally positioned for easy loading and unloading of weights and provide storage for over 600 lb / 272 kg of weight plates.

#### INSTRUCTIONAL PLACARD

Easy-to-understand, large, text-free illustrations demonstrate correct form at a glance and a QR code links to a helpful 30-second instructional video.

### Specifications

**Dimensions (L x W x H):** 66 x 51 x 77 in / 168 x 130 x 196 cm

**Product Weight:** 326 lb / 148 kg

**Workout Area:** 66 x 51 in / 168 x 130 cm

**Starting Weight:** 5 lb / 2.5 kg

**Weight Storage Horns:** 4

**Max Lift Load Capacity:** 450 lb / 204 kg

**Recommended Plates:** 2 x 10 lb, 2 x 25 lb, 4 x 45 lb

**Frame and Finish:** Heavy-duty steel tubing is welded in all structural areas to withstand the most demanding training environments. Powder coated frame.

**Warranty:** Visit [www.precor.com](http://www.precor.com) for warranty terms.
