

DISCOVERY™ STRENGTH PLATE LOADED

Chest Press

DPL0540

The Discovery Strength Plate Loaded Chest Press features independent movement arms and converging pushing angles to increase the range of motion of the exercise. The progressive strength curve gradually increases force at the end of the movement when the exerciser is in the strongest position, allowing for increased muscle engagement.

Precision-engineered for durability and peak performance, Discovery Strength Plate Loaded products are made to impress and built to last. With optimized movement paths, intuitive design, and a high load capacity, these strength-training machines deliver results for exercisers of all abilities, giving you the confidence to invest in strength that performs.

Chest Press

DPL0540

Product Features

INDEPENDENT MOVEMENT ARMS

Designed to demand greater balance and core muscle engagement, the independent arm resistance and converging pushing angles increase the range of motion.

PRESSING HANDLES

Oversized 1.5 in (3.8 cm) handles make pressing exercises more comfortable by distributing the load over a larger area of the exerciser's hand, reducing strain.

RATCHETING SEAT ADJUSTMENT

The ratcheting, gas-assisted seat adjustment features an ergonomic, over-molded rubber adjustment handle, making it easy and comfortable for exercisers to get the right fit.

WEIGHT STORAGE HORNS

Six weight horns are positioned at an optimal height for easy loading and unloading of weights and provide storage for over 800 lb / 363 kg of weight plates.

INSTRUCTIONAL PLACARD

Easy-to understand, large, text-free illustrations demonstrate correct form at a glance and a QR code links to a helpful 30-second instructional video.

Specifications

Dimensions (L x W x H): 43 x 67 x 70 in / 110 x 170 x 176 cm

Product Weight: 353 lb / 160 kg

Starting Weight: 12 lb / 5.5 kg

Weight Storage Horns: 6

Max Lift Load Capacity: 450 lb / 204 kg

Recommended Plates: 2 x 5 lb, 2 x 10 lb, 2 x 25 lb, 4 x 45 lb

Frame and Finish: Heavy-duty steel tubing is welded in all structural areas to withstand the most demanding training environments. Powder coated frame.

Warranty: Visit www.precor.com for warranty terms.
