

DISCOVERY™ STRENGTH PLATE LOADED

Decline Chest Press

DPL0543

The Discovery Strength Plate Loaded Decline Chest Press features independent movement arms and converging press paths that support a natural range of motion. Its progressive strength curve increases resistance toward the end of the movement for greater muscle engagement and more effective pressing performance.

Precision-engineered for durability and peak performance, Discovery Strength Plate Loaded products are made to impress and built to last. With optimized movement paths, intuitive design, and a high load capacity, these strength training machines deliver results for exercisers of all abilities, giving you the confidence to invest in strength that performs.

Decline Chest Press

DPL0543

Product Features

INDEPENDENT MOVEMENT ARMS

Designed to demand greater balance and core muscle engagement, the independent moving arms and converging pressing angles increase the range of motion.

EXIT SUPPORT HANDLES

Conveniently placed grips allow exercisers to exit from the seated position with ease.

RATCHETING SEAT ADJUSTMENT

The ratcheting, gas-assisted seat adjustment features an ergonomic, over-molded rubber adjustment handle, making it easy and comfortable for exercisers to get the right fit.

REPLACEABLE WEAR GUARDS

Durable wear guards at the feet provide a stable foot surface while also helping protect the frame from scuffs and wear.

WEIGHT STORAGE HORNS

The six weight horns are optimally positioned for easy load and unload and provide storage for over 800 lb / 363 kg of weight plates.

INSTRUCTIONAL PLACARD

Easy-to-understand, large, text-free illustrations demonstrate correct form at a glance and a QR code links to a helpful instructional video.

Specifications

Dimensions (L x W x H): 53 x 76 x 67 in / 135 x 193 x 170

Product Weight: 412 lb / 191 kg

Starting Weight: 12 lb / 5.5 kg

Weight Storage Horns: 6

Max Lift Load Capacity: 450 lb / 204 kg

Recommended Plates: 2 x 5 lb, 2 x 10 lb, 2 x 25 lb, 4 x 45 lb

Frame and Finish: Heavy-duty steel tubing is welded in all structural areas to withstand the most demanding training environments. Powder coated frame.

Warranty: Visit www.precor.com for warranty terms.
