

DISCOVERY™ STRENGTH PLATE LOADED

Leg Extension

DPL0560

The Discovery Strength Plate Loaded Leg Extension features independent movement arms to allow for greater balance and muscle engagement. The lower starting weight and balanced strength curve help to provide natural resistance through the full range of motion.

Precision-engineered for durability and peak performance, Discovery Strength Plate Loaded products are made to impress and built to last. With optimized movement paths, intuitive design, and a high load capacity, these strength-training machines deliver results for exercisers of all abilities, giving you the confidence to invest in strength that performs.

Leg Extension III

DPL0560

Product Features

INDEPENDENT MOVEMENT ARMS

Independent movement allows for greater balance and muscle engagement, while the balanced strength curve provides natural resistance through the full range of motion.

BACK PAD ADJUSTMENT

The spring-assisted back pad adjusts easily from the seated position, making it easy and comfortable for exercisers to get the right fit.

INSTRUCTIONAL PLACARD

Easy-to-understand, large, text-free illustrations demonstrate correct form at a glance and a QR code links to a helpful 30-second instructional video.
