

DISCOVERY™ STRENGTH PLATE LOADED

Angled Leg Press

DPL0601

The Discovery Strength Plate Loaded Angled Leg Press features a 45 degree angled carriage sled and an optimized seat design for precise body positioning and support. A textured, non-slip foot platform and a four-position adjustable fail-safe stop provide an incredibly solid, smooth, and secure exerciser experience.

Precision-engineered for durability and peak performance, Discovery Strength Plate Loaded products are made to impress and built to last. With optimized movement paths, intuitive design, and a high load capacity, these strength-training machines deliver results for exercisers of all abilities, giving you the confidence to invest in strength that performs.

DISCOVERY™ STRENGTH PLATE LOADED

Angled Leg Press

DPL0601

Product Features

NON-SLIP FOOT PLATFORM

An oversized, non-slip, foot platform with built in calf raise enables the exerciser to maintain full foot contact throughout the range of motion.

EASY-TO-USE ADJUSTMENTS

Dual rotating carriage stop handles feature adjustable two-stop positions to accommodate a wide range of exercisers. A foot-activated seat back adjustment makes personalization quick and easy.

SECURE

Weight carriage stops are visible from the seated position so the exerciser has visual confirmation that the carriage is securely positioned on the stops. A four-position adjustable fail-safe stop increases confidence for the exerciser and the facility operator.

WEIGHT PLATE STORAGE

Weight plate storage is optimized for easy loading and unloading with weight plate horns positioned at a height that is within reach for a wide range of exercisers.

INSTRUCTIONAL PLACARD

Easy-to-understand, large, text-free illustrations demonstrate correct set-up and form at a glance, and a QR code links to a helpful 30-second instructional video.

Specifications

Dimensions (L x W x H): 96 x 57 x 57 in / 244 x 145 x 145 cm

Product Weight: 595 lb / 270 kg

Starting Weight: 136 lb / 62 kg

Weight Storage Horns: 4

Max Lift Load Capacity: 1080 lb / 490 kg

Recommended Plates: 4 x 10 lb, 4 x 25 lb, 8 x 45 lb

Frame and Finish: Heavy-duty steel tubing is welded in all structural areas to withstand the most demanding training environments. Powder coated frame.

Warranty: Visit www.precor.com for warranty terms.
