

CARDIO

Recumbent Bike

RBK 885

Product Highlights

The RBK 885 Recumbent Bike combines essential reliability and ease-of-use, with smooth pedalling and biomechanically correct geometry. The step-through design appeals to a wide range of exercisers of all ages, while the simple seat adjustment allows the exerciser to change the position of the seat with one hand, either on or off the bike. A ventilated Airflex seat provides exceptional comfort.

Product features

P84 TOUCHSCREEN CONSOLE

The P84 console features a brilliant 16-inch touchscreen that combines performance, entertainment and workout variety. Exercisers can enjoy seamless wireless casting that provides access to thousands of third-party fitness and media apps. They can also stream content through fully integrated PlutoTV, Netflix and YouTube apps—putting the content they want right at their fingertips.

STEP-THROUGH DESIGN

Designed for easy entry, the recumbent bike has a step-through design (36 cm wide) with a low step-over height (10 cm).

ULTRA-COMFORTABLE AIR FLEX SEAT

The custom-designed air flex seat features a ventilated panel and unique suspension system for a cool, cushioned ride.

SEAT ADJUSTMENT

The simple seat adjustment allows the exerciser to change the position of the seat with one hand, either on or off the bike.

EASE OF MAINTENANCE

The easy-to-remove shroud ensures quick access to the belt-drive system for maintenance and servicing without removing the pedals or crank.

DUAL-SIDED PEDALS

The dual-sided pedals allow the exerciser to use the pedals with or without the integrated straps. The extra-wide pedals comfortably accommodate feet of all sizes to encourage proper pedalling form.
