StairClimber

SCL 835

Product Highlights

The Precor SCL® 835 far exceeds the status quo and invites you to step up to an experience that will delight. Made from durable, high-performance parts and tested beyond industry standards, the StairClimber is built for reliability. The thoughtful design prevents sweat, dirt and fluid ingress to deliver an ultra-smooth operation and effective cleaning in a single pass. It invites exercisers to step on and off with ease, exercise with confidence, and stay motivated with engaging content.

Product features

P31 CONSOLE

A LED console that works harder for you, your exercisers and your servicers. Exercisers will appreciate the well-placed resistance controls, as well as accessible workout options. Supercharge your servicers' efficiency by providing detailed equipment status information, reducing downtime on your fitness floor.

DYNAMIC STEP CONTROL

The Dynamic Step Control™ system, with an industry-leading tolerance of +/- 0.5 steps per minute, ensures an accurate and consistent step rate, whether slow or fast, for exercisers of all sizes.

LOW MAINTENANCE STEP CHAIN

To reduce downtime, service panels can be removed in less than one minute, making it easy to access internal components. Constructed of high-strength steel, the 428 O-ring motorcycle step chain requires no planned maintenance – simply inspect annually. Clean and lubricate only if needed.

TESTED BEYOND INDUSTRY STANDARDS

The StairClimber has surpassed industry standards, having withstood over 30 different tests, conducted for more than 10,000 hours in both laboratory and field settings, ensuring reliability that operators can trust.
