

CARDIO

Treadmill

TRM 761

Product Highlights

The TRM 761 combines essential reliability and ease-of-use with touch screen technology at a value just right for you. This treadmill is designed to optimise performance and maintenance while providing a comfortable and effective workout for your exercisers. The simple, clean design holds up under heavy commercial use, ensuring your investment will last into the future.

Product features

P62 TOUCHSCREEN CONSOLE

The P62 console features personalised viewing and the remarkable clarity of TV and internet options that exercisers crave, all in a 10 in / 25.4 cm screen. With the ability to 'favourite' selections for the future, exercisers can customise their workout experience based on what's important to them.

MOTOR DRIVE SYSTEM

The motor drive system improves performance, efficiency and reliability through improved internal cooling, a wider operating range and unique input current averaging to identify more precisely when a running belt requires replacement.

INTEGRATED FOOTPLANT TECHNOLOGY™

Recognises exercisers' natural foot speed and matches every stride for an ultra-smooth feel that enhances their workout experience.

GROUND EFFECTS® IMPACT CONTROL SYSTEM

Our patented system combines ideal cushioning, support and stability for exercisers. Precor decks are designed to provide more absorption in the front where exercisers' feet hit the belt and added rigidity at the back for a firm push-off.

ACTIVE STATUS LIGHT

To increase uptime, an external status light lets you and your staff know at a glance the operating condition of your treadmill and when to perform life-extending maintenance.

Black Pearl

Specifications

Dimensions (L x W x H): 211 x 89 x 168 cm

Product weight: 185 kg

Max. user weight: 181 kg

Step-up height: 24 cm

Handrail length: 46 cm

Running surface: 152 x 56 cm

Power: US & Canada: 120V/20A individual branch circuit;
International: 240V, applicable country-specific power cable

Total workouts: 27

Elevation range: 0% to 15% incline in 0.5% increments

Speed range: 0.8–23 km/h
