TRM 865

Product Highlights

The TRM 865 adds value to your facility by combining essential reliability and ease-of-use with a feeling that's personalized to every step. Thoughtful design and performance deliver an exerciser experience that feels right. The TRM 865 makes it easier for you to provide a customer-focused environment. Quiet and efficient, we've streamlined the assembly and included diagnostic tools to increase uptime and keep operating costs down.

Product Features

P62 TOUCHSCREEN CONSOLE

The P62 console features personalized viewing and the remarkable clarity of TV and internet options that exercisers crave, all in a 10 in / 25.4 cm screen. With the ability to "favorite" selections for the future, exercisers can customize their workout experience based on what's important to them.

POWER FACTOR CORRECTION (PFC)

Highly efficient 4 HP AC motor drives are optimized with Power Factor Correction (PFC) for increased efficiency, improved performance, and up to 30% reduction in energy consumption.

INTEGRATED FOOTPLANT TECHNOLOGY™

Recognizes exercisers' natural foot speed and matches every stride for an ultra-smooth feel that enhances their workout experience.

GROUND EFFECTS® IMPACT CONTROL SYSTEM

Our patented system combines ideal cushioning, support, and stability for exercisers. Precor decks are designed to provide more absorption in the front where exercisers' feet hit the belt and added rigidity at the back for a firm push-off.

ACTIVE STATUS LIGHT

To increase uptime, an external status light lets you and your staff know at a glance the operating condition of your treadmill and when to perform life-extending maintenance.
