

CARDIO

Upright Bike

UBK 835

Product Highlights

The UBK 835 Upright Bike features custom-designed handlebars with integrated touch heart rate for an efficient workout experience with maximum comfort. One-handed seat adjustment on or off the bike, a redesigned saddle for riding comfort and improved knee-over-pedal spindle geometry for efficient pedalling all provide a smooth, comfortable workout.

Product features

P31 CONSOLE

A LED console that works harder for you, your exercisers and your servicers. Exercisers will appreciate the well-placed resistance controls, as well as accessible workout options. Supercharge your servicers' efficiency by providing detailed equipment status information, reducing downtime on your fitness floor.

OVER-MOULDED HANDLEBARS

The over-moulded design adds comfort and durability while offering multiple riding positions and central heart rate contacts.

SEAT ADJUSTMENT AND IMPROVED SADDLE DESIGN

The simple seat adjustment allows the exerciser to change the position of the seat with one hand, either on or off the bike.

DUAL-SIDED PEDALS

The dual-sided pedals allow the exerciser to use the pedals with or without the integrated straps. The extra wide pedals comfortably accommodate feet of all sizes to encourage proper pedalling form.

EASE OF MAINTENANCE

The easily removable shroud allows quick access to the belt-drive system for maintenance and servicing without removing the pedals or crank.

Black Pearl

Specifications

Dimensions (L x W x H): 122 x 53 x 157 cm

Product weight: 73 kg

Max. user weight: 159 kg
